Xiengngeun district Luangprabang province

Application letter

No: 323, date 10/10/2011-

Att: Mr. Director of Ban khok Na Ko association , Geneva Switzerland

Subject: would like Mr. Director of Ban khok Na Ko association look for budget for our Medical center health service at the zone around xiengngeun district

According to the plan of government of Laos to develop health service center around district as much as we can to help villager where they are far from the hospital ,

So we are the governor of the district decide to build one Medical center service at the zone of Ban kewnga which in including our district , this zone far from the district hospital 20km and around the zone the village are on the mountain to go to the hospital is difficulty most of the villager are poor and couldn't rent the car to go to the hospital , it will be the first time if the association or kindly donation of some office and private can help to build for us .

General of the zone service ,

The people coming at this Medical center they not pay to meet doctor and for the poor people the office will have policy to pay lest than normol people for medicaments

This Medical center will receive villager from 8 villages serounding the zone of kewnga , population now 2785 /1356 femals , 474 family at one village is Mong ,

So we are kindly to write this letter to the Mr. Director of the Ban Khok Na Ko association , Geneva Switzerland look for budget to help us build the Medical center ,

With best regards

Signed : the Chief of the health District Departments
